No. 156

ARMIES INACTIVE

Military Operations Stopped by Heavy Rains

KUROPATKIN AT HAI CHENG

The Russian Guardship and a Torpedo Boat Destroyer Sunk

RUSSIAN GUARD SHIP GONE.

Tokio, July 4th.—A belated report from Admiral Togo says that a successful attack was made at the entrance of Port Arthur harbor on June 27th in which the Russian guardship and a Russian destroyer were sunk. The guardship was described as having two masts, three funnels and was torpedoed and destroyed. The destroyer was struck and sunk. Togo reports the loss of one officer and thirteen men killed and one officer and two men wounded. The twelfth torpedo boat flotilla under command of Commander Yamada delivered the attack.

VLADIVOSTOCK FLEET ESCAPED.

Tokio, July 4th.—The Vladivostock squadron eluded Kamimura's squadron eastward of the island of Tsu on Friday night in the darkness. A drizzling rain and fog favored the Russian vessels. The two squadrons met early in the evening, the Russians being north of Oku Island. They were ten miles apart. The Russians pointed to the northeast when discovered. The Japanese fleet chased them at full speed, the torpedo boats steaming ahead and entered within the range of the Russian vessels which vigorously shelled them. Kamimura gained on the Russian ships and was only 5 miles in the rear when suddenly at nine o'clock all the Russian vessels extinguished their lights and disappeared in the darkness.

LAND ENGAGEMENT AT PORT ARTHUR.

Chefoo, July 4th.—It has been learned here that a big battle was fought on land near Port Arthur on June 26th and 27th. The Japanese were successful and on the morning of the 28th they occupied certain heights within ten miles of Port Arthur. The first Japanese division that suffered severely at the battle of Nanshan Hill and the eleventh division fresh from Japan, were engaged. The Japanese losses have not been learned but Russians are said to have suffered heavily. Refugees who left Port Arthur yesterday and who have arrived here declared that wounded Russians were being brought in by the hundreds.

ALLEGED OFFER TO SURRENDER.

Tokio, July 4th.—It is reported that Russia has, through France, offered to surrender Port Arthur to Japan together with ships and arms, providing the garrison is freed. A confirmation of the report is impossible and it is generally regarded to be untrue.

RAINS DELAY OPERATIONS.

Liao Yang, Sunday, July 4th.—Delayed in transmission.—Seeing the impossibility of bringing about a decisive battle, in consequence of the retirement of the Japanese and the heavy rains, General Kuropatkin, accompanied by the military attaches is returning to Hai Cheng.

Both commanders are apparently inactive.

The Japanese have retired to a distant part of the country to await better weather.

The Russians have re-occupied their old positions thirty miles east of Liao Yang.

The two armies are now bivouacked on either side of the Dalia Pass, which cannot be said to be an effective occupation for either army, as the deep mud renders impossible the movements of transport wagons and guns. No battle of any consequence has been fought there. The Russian troops are displaying splendid spirit in spite of terrible hardships. There is not a dry spot for them to camp on. The troops often are obliged to pass twelve hours in the rain before they can prepare soup with which to warm themselves, owing to the difficulty experienced in kindling fires.

NOTHING DOING.

St. Petersburg, July 4th.—The latest despatches from the seat of war are to the effect that General Kuropatkin is still at Ta Che Kiao and that the Japanese forces are stationary at Senu Chen and along the roads from Su Yen to Hai Cheng, Ta Tche Kiao and Kai Chou. But they are maintaining their advance from Feng Wang Cheng over the direct main road to Liao Yang where the effect of the rain is less apparent. There are only twelve miles between Gen. Kuropatkin's forces and the Japanese army and a collision between them is not regarded as unlikely. The Admiralty here has no news of the sea fight off Port Arthur on Monday last, reported by Admiral Togo and is not inclined to believe it. The understanding is that the Russian warships are still at Port Arthur.

ANOTHER SEA FIGHT.

Ta Che Kiao, July 2nd.—Via Liao Yang, July 4th.—A fight between Russian torpedo boats and Japanese transports was reported off the coast today. Heavy cannonading was heard here from the seaward. An officer who came in declares that from a hill top near the coast he saw vessels engaged in a fight but they were too far away to distinguish them.

General Kuropatkin has begun to retire, probably as a result of the rains which have flooded all the rivers and threatened to cut him off from the base of supplies. Nearly all the customary foods are now absolutely impossible.

White Enamel and Brass Beds, Youths' Beds, and Children's Cribs. We are showing a larger range and better values than ever before. A very nice design white enameled bed, brass trimmings at \$5.00. ECHOES OF THE FAIR

The directors and members of the exhibition association are jubilant over the results of the fair of 1904. They had calculated on the most elaborate exhibition in the history of the town but the results exceeded their expectations. In the number of exhibits, the keenness of the racing competitions, the success of the special features and the attendance, the event eclipsed all records. The entries were 50 per cent. larger than last year and the maximum attendance exceeded that of last year by over 2,500 people. The track record was pulled down from 2:23.4 to 2:18, heats in the 3 minute trot were made in less than 2:30 and the horse which won the free for all last year was distanced in the same event this year, an indication that speedier horses are coming each year.

The satisfaction is by no means all on the side of the association. The crowds who attended gave frequent expression of their appreciation of the entertainment provided. The judges were frequently the recipients of compliments in their efforts to check any crooked work and their apparent desire to secure to the spectators races for their money. Three times during the events it was found necessary to rule off certain drivers who appeared to not be doing their duty and each time the thousands of spectators applauded the ruling. Fines were levied for delaying the starts and unfairness in scoring, and on several occasions horses were set back for encroaching on the rights of others. The platform and trap work and the fireworks displays were good and were thoroughly enjoyed by the spectators.

One of the complimentary features of the exhibition was the splendid order which prevailed. Out of a total attendance of over 26,000 people, only three drunks came up yesterday for trial and the peaceable and orderly disposition of the large crowds was remarked by many present.

The necessity of increasing the accommodation of the grand stand was nearly apparent on Friday when hundreds of those who had paid admission to the stand could not obtain seats and to relieve the pressure on the standing room within the pale it was necessary to suspend a standing rule of the Association and let the spectators occupy the centre of the course. Hundreds too, knowing the crowded condition of the stand preferred to remain outside the stand gates who would gladly have paid the admission to secure comfortable seats under the shade. An enlargement of the stand should prove a paying investment and will probably be considered by the Directors before another fair is held.

FRATERNAL

PAINTERS' UNION.

Local Union No. 1016, of the Brotherhood of Painters, Decorators and Paper Hangers of America, meets every Wednesday evening at 8 p.m., opposite Windsor hotel, First street. F. W. Trerett, Secretary.

INDIFFERENCE TO THE MILITIA

The only serious charge against the government in connection with the Dundonald affair was that made by the general in his newspaper manifesto, when he spoke of the defenceless condition of the country and the indifference of the government towards providing for its defence. This question was dealt with by the Minister of Militia as follows, as reported in Hansard:

"Now we come to the next stage, the indifference. He says:

"This government has shown gross indifference and want of sympathy with the militia of this country.

"And he arraigns me on that account. Well, Sir, it may be that to increase the annual expenditure on the militia by some one and a half or two million dollars is a proof of crass indifference to the well-being of the militia, but I do not believe that the people will take that view. I have a list of the improvements which we have made. I shall read it, but shall not enlarge upon it although it is a theme upon which I could say a good deal. Our indifference to the welfare and the interest of the militia was shown first and perhaps in the most marked manner, by the adoption without fail, of the principle of having annual drill for the whole militia of this country, and we have had annual drill of the militia every year since I have had the honor to preside over the Militia Department.

"We have limited, as I said a moment ago, the term of commanding officers, thereby giving young men—some of whom got to be old men up to 60 years of age, under the old regime as first lieutenants—some hope that some day they will get a reward for the work they have done.

"We enforced the order with regard to age. Formerly we had colonels up to 85 and 70 years of age, but we have enforced the rules strictly not only as to colonels, but as to majors, as to captains, and as to lieutenants within the last six or seven years.

"We have established a reserve list of officers, a most important improvement.

"We have established cadet corps and cadet battalions, thereby enlisting the sympathies of the youth of the country and preparing them early in their career to do their duty later on, should it be necessary, in the defence of their country.

"We have appointed a defence commission which sat here for many weeks and which went very carefully into the question of defence, and propounded a scheme which has been adopted by the experts of the war office, and by the people of this country, but for which I am bound to say two general officers commanding have had very little regard. One illustration of the unworkable character of the

present system of general officer commanding, I think is worthy of note. The commission to which I have just referred, the defence committee fixed upon a certain place for the establishment of a battery of guns for the defence of a certain place. I do not wish to mention the place, because that is secret and should not be mentioned. General Hutton came shortly afterwards. He, of course, had access to the secret report. He looked it over and said: 'Oh, that is not the right place at all, it should go here.' So he fixed upon a place. Gen. O'Grady Haly did not trouble himself very much with that. I think he was quite satisfied that the defence committee knew its business, but the recent acquisition, the gentleman of whose services we have recently deprived ourselves, looked into it, and he discovered a third place. Is it any wonder if the poor, perplexed Minister of Militia, having three different sets of advisers, is somewhat in doubt and inclined to hesitate before plunging the country into the expenditure of hundreds of thousands of dollars. That battery has not been located yet.

"A general service medal was secured by this government as a reward for the work done by the men who defended this country against the Fenian invasion.

"The Colonial Officers' Decoration, the Long Service Decoration was secured for the militia of this country through the efforts of this government.

"Officers are now required to have a much higher state of qualification.

"The Medical Service branch of the militia was established by the government.

"A Military Pension Act by which the officers of the permanent force and the staff and all the men of the active militia will receive pensions was passed by this parliament at the instance of this government.

"A school of musketry was established by this government, one of the most important things in the interests of the militia that has ever been done in this country.

"Rifle associations are being encouraged all over the country and enormous amounts of money up to \$100,000 a year are being expended in the construction of rifle ranges so as to put in the hands of our people the means of making themselves efficient in the art of rifle shooting.

"The corps of guides, to which I referred a little while ago, has been established by this government.

"The engineering branch has been established.

"The military stores branch has been converted into the ordnance corps.

"A military intelligence branch has been organized as an additional permanent unit of the Army Service corps.

"We hear a great deal in this report about the unpreparedness of this country for war. The Dominion Arsenal the output of which was under a million rounds of cartridges a year ago has been increased so that it has an output of ten or twelve million and its capacity is very considerably above that quantity.

"We have succeeded in establishing in this country a small-arms factory which at the present moment is turning out rifles, which it will be able to supply the government at the rate of one thousand a month and which has a capacity of double that quantity if necessary.

"We have established factories at which steel gun carriages are being manufactured in this country instead of having to be manufactured in the old country, both at Quebec and in this city.

"So, I might go on, but surely I have said enough to demonstrate to the satisfaction of any fair-minded man, that we have not been indifferent to the needs of the militia of this country."

CANADIAN ORDER OF FORESTERS

To the Editor—

The organizing agent of the above order is now in Edmonton staying at the Alberta Hotel and he hereby sends greeting to all Canadian Foresters in the town and district and a hearty invitation for all such to call and see him for consultation with a view of organizing a Canadian Order of Foresters at Edmonton. Bro. Kershaw has been forming courts all through B. C. and the last place he visited and established a lodge was at Strathcona, and he hopes with your prompt attention and co-operation to be able to institute one right here. Members from other courts are invited to join, and all those who are seeking life insurance at a cheap rate, including accident and sick benefits, may now become charter members of this popular fraternal order. All particulars will be freely and willingly given and all inquiries made welcome. Therefore when you read this notice act promptly and oblige. Yours in L. B. & Concord,

BRO. HENRY KERSHAW,
Organizer C. O. Foresters.

McCallum Bros

Western News

Plainsdealer: Settlers in the Colchester settlement complain bitterly of the lack of bridges on their main road to town. The crossing of Mill Creek in the vicinity of the Moravian church has been without a bridge for four years and the need is great. The Mill Creek bridge three miles from town, has always been built too low and has gone out with the spring floods every year for four years. The ford is difficult and dangerous and a good substantial bridge is greatly needed.

Plainsdealer: A female deer is making her home in the timber just south of Strathcona in Mrs. Irvine's farm. The animal is quite tame approaching very near to C. J. McDonald's house at times. A few days ago Mr. McDonald and a number of friends surrounded the doe and would have roped her but for the brush in which she took refuge.

Prince Albert Times: A fatal accident occurred this afternoon at the mouth of shell river, by which Gord. Bigger lost his life. It appears he was working on the boom, getting logs out for Jas. Sanderson, when he fell off into deep water and sank. Further particulars, as we go to press, are not obtainable.

Moosajaw Signal: Mr. Fry, of Dobson, Jackson and Fry, contractors, was in town on Monday and Tuesday in connection with the waterworks contract. Six cars of sewer pipe have already arrived and there is a further shipment on the way. The work of unloading the pipe commenced yesterday. The work on the storm sewer will commence next week, but the full gang of men will not be employed until the arrival of the iron piping, which is expected very shortly. Mr. Fry left for Regina on Tuesday afternoon, but will return before the end of the week to superintend the commencement of operations.

Moosajaw Signal: John Moore, who was arrested in connection with the stabbing affray which occurred on Wednesday of last week, appeared before Magistrate King on Friday afternoon to answer to the charge preferred. A number of witnesses were examined, including J. K. Moore, father of the accused, and sufficient evidence was secured to warrant the magistrate committing the prisoner to stand his trial at Regina. The trial will be held at Regina on July 19th. The prisoner was taken to Regina on Sunday morning.

Herald: J. D. Millin, a G. T. P. engineer from Edmonton, is in Calgary. He is one of the employees of the company who came under the ban as a result of the investigation into the violation of the alien labor law. Millin is an American from New York state. He said to a reporter that he had quit the G. T. P., but had not been ordered out of the country. "I saw in the press that some G. T. P. employees were to be deported, but if I am one of them I do not know it. I have quit the G. T. P. employ. Just how the deportation law can be enforced I can't understand. It might be ordered out of the country, but I will do. I don't know that I will must I stay out? I can't say what leave Canada. From another source it was learned that some G. T. P. men are in a position with the C. P. R. With him in Calgary are several other members of the G. T. P. surveying parties working at Edmonton.

Herald: Here is something that well illustrates the extraordinary growth of Calgary: In 1899 the assessment of the city was \$2,000,000. The assessment just completed for 1904 shows a valuation of \$4,099,437, an increase in four years of \$2,099,437.

Herald: Some of the prominent local breeders of purebred cattle are in Edmonton to compete for honors at the exhibition being held there. Hon. Wm. Beresford went up this morning with a dozen of his fine Short-horns. There are five bulls and seven heifers in the collection. There will be an unusually fine collection at the fair if Mr. Beresford does not carry back with him a good share of the honors. H. Hans and Suter brothers are also in attendance at Edmonton with representatives of their splendid Short-horn herds. J. A. Turner decided not to take any animals as it would interfere with his arrangements for the Winnipeg exhibition, where he will be on hand with an extensive and excellent exhibit.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 16, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made for the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following upon and cultivation of the land in each year during the term of three years:

(1) At least six months' residence years.
(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township as an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must "physically" occupy the land for a period of six months prior to the date of his application for patent. The land must be improved by the settler, and have besides 30 acres sub-fenced.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,
Deputy Minister of the Interior.

N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

TELEGRAPHIC

THE INTERCOLONIAL

DEFICIT OF HALF A MILLION

Morning Sessions Will Be Held in the House Hereafter

Bulletin Special Dispatch.

Ottawa, July 4th.—Morning sittings of the House began to-day. The new Minister of Railways made his statement regarding the Intercolonial, submitting his estimates.

The earnings show an increase but there is a deficit of half a million owing to increase of operating expenses last winter, because of snow and severe weather, also owing to increased cost of coal and to increased wages to employees.

When the Minister's statement was finished, the Opposition present, numbering fifteen, proceeded to hold up his estimates on the question of the increase of salaries to officials, claiming that the increases given this year should have been given in previous years.

Edmonton has been made a port of entry, T. A. Osborn, Collector.

CROPS LOOK WELL

ALONG THE C.N.R. LINES

The C.N.R. Last Report Describes a Very Hopeful State of Affairs in Manitoba

Winnipeg, July 4th.—The last crop report of the Canadian Northern Railway compiled from the reports of the agents of the company at the various points throughout the system describes a continuance of the favorable progress of the crop noted in the last report. The growth is steady and healthy and embraces all the grains and the roots and vegetables alike. The precipitation has been about normal lately and could not have been gauged mechanically to suit the needs of the soil more perfectly than it has. The Harney section and in fact the whole of Southern Manitoba is growing a particularly fine crop this season. This section of the province suffered last year from drought but the pentecost rain this year has caught it just right so that there is every prospect of a record crop.

The most conservative estimates state that with the exception of the low ground Manitoba will for the most part this fall harvest one of the finest crops the province has ever grown. The C. N. R. officials state that they will not publish any more reports until the crop commences to ripen as for a month at least its condition will be unchanged.

1,300 MEN OUT

AT THE IRON AND STEEL WORKS

Mayor of Sydney Asks Military Protection and is Instructed how to Proceed

Bulletin Special Dispatch.

Winnipeg, July 5.—Dispatches from Ottawa indicate that the strike situation at the Dominion Iron and Steel Works, Sydney, has evidently assumed a serious phase and rioting is feared. The mayor of Sydney telegraphed the Minister of Militia, asking that troops be called out to protect life and property. Sir Fred-

erick Borden replied that all the mayor had to do to ensure the necessary military protection, was to address his request to the district officer, who would forthwith issue orders mobilizing the militia. There are 1,800 men on strike at the works, which the company are attempting to reopen with outside laborers.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Bulletin Special Dispatches.

Winnipeg, July 4th.

The trotting events of the concluding day of the Portage races were called off owing to rainy weather.

An electrical and wind storm of unusual violence swept over Winnipeg Saturday.

A deputation from Regina waited on Sir Wilfrid Laurier requesting aid to bring the C. N. R. to that city.

The T. Eaton Co., Toronto, have secured options on an entire Winnipeg block fronting on Portage avenue.

The Chicago Limited ran into an open switch at Litchfield. Seven cars were burned, twenty passengers were killed and many injured.

Winnipeg, July 5th.

The Vancouver liner is still aground in the St. Lawrence.

Easy Heat at Henley

Henley, Tuesday a.m., July 5.—In the third heat of the Diamond sculls Cloutie beat Stewart dead easy, the latter quitting about three quarters of the distance.

ON RETURN TRIP

PARTY REACHES STAR

Part of the Crew Which Took Down Revillon Freres Scows Reached Sta Overland Sunday

Bulletin Special Dispatch.

Star, July 4th.—The crew which went down from Edmonton with Revillon Freres' fourteen scows laden with oats for the C.N.R. construction parties at Battleford, left Battleford on the return trip last Monday with Pearce's steamer arriving at Port Pitt on Tuesday at noon. The steamer being over laden, half of the crew came overland and arrived at Star Sunday, amongst whom are J. W. Reid, J. Sinclair and Albert Tate. The steamer was reported at Paradis Crossing on Sunday evening.

STEAMER SIEZED

BY U. S. CUSTOMS OFFICER

A Puget Sound Passenger Steamer Seized for Alleged Violation of the Regulations

Bulletin Special Dispatch.

Victoria, July 4th.—The steamer City of Nanaimo, carrying the fourth of July excursionists from Victoria to Port Angeles, Washington, was seized by the United States Customs officers for an alleged violation of the passenger carrying regulations. It is said that the City of Nanaimo failed to submit herself to the usual inspections by U. S. officials.

TROOPS CALLED OUT

TO PREVENT DISTURBANCES

The Sydney Strike Assumes a New Phrase and a Field Battery and Infantry Regiments Called Out

Bulletin Special Dispatch.

Sydney, N. S. July 4th.—Trouble ensued in consequence of the steel company's attempt to operate its plant and the whole strike situation assumed an entirely new phase.

The Sydney Field Battery, under command of Major Grove and No. 5 Company of the Argyle Highlanders, marched through the streets and took up their stations at various entrances to the plant.

They will be reinforced by remaining complement of infantry.

Material for Battleford Bridge

Mr. Pace, Superintendent of E. Y. & P. is in receipt of information that the material for the new C.N.R. bridge at Battleford will arrive in Edmonton in a few days and will be taken down the river from here on scows. Mr. Pace is now making arrangements for the transportation of the material.

OVER 700 IMMIGRANTS DROWNED

Ship Carrying 800 Danish and Norwegian Immigrants Founders Off the West Coast of Scotland with Awful Loss of Life

Bulletin Special Dispatch.

London, July 4th.—Over 700 Danish and Norwegian immigrants who left for New York have been drowned in the North Sea. Out of nearly 800 souls on board the ship Norge, which left Copenhagen on June 22nd, only 28 are alive. When last seen the Norge was sinking. She struck on the face of Rocks, a deadly Atlantic reef some 24 miles off the west coast of Scotland early on the 28th. The Norge was out of her course in heavy weather and ran on to the rocks at a reef which in the distance looks like a ship under sail. The Norge was soon backed but the heavy seas poured in through the rent in the bows. The immigrants who were awaiting break-

fast ran on deck but there was no panic. The Norge quickly began to go down by the head. Eight boats loaded with women and children hurriedly put out. Six of them were smashed against the side of the Norge and their helpless inmates were caught by the heavy seas. Two boat loads got safely away from the side of the sinking ship. Those who could swim tried to reach the boats but these were already full and their occupants beat off the drowning wretches with oars. Three boats were successfully launched. Two of these held ten each, and the life boat made fair progress and fell in with a steam trawler. What became of the other boats is not yet known. The survivors consisted of 28 men, one seaman, six women and a girl.

Owing to unavoidable circumstances we are obliged to close our offices in Edmonton on the 23rd inst. for a time as Dr. J. G. URE'S services are required at the Head Office, Vancouver.

Before closing we are desirous of giving all those suffering from EYE TROUBLES or their Reflexes an opportunity of securing the advice of our Specialist. We will, therefore, make all examinations free of charge and supply glasses when necessary at greatly reduced prices.

Our examinations include Retinoscopy, Ophthalmoscopy, etc.

INDIFFERENCE TO THE MILITIA

Continued From Page Three.

Of the above terms those which must appeal to even the most prejudiced as showing a most active and valuable interest in national defence by the present government as compared with that shown by their predecessors are:—

Doubling of annual militia expenditure.

Establishment of annual drill for the whole force in place of intermittent drill for parts of the force.

Encouragement of rifle associations to the amount of over half a million a year.

Increase of home manufacture of rifle cartridges from less than a million rounds a year to ten or twelve million rounds.

Establishment of a rifle factory to make the very latest and most improved rifle at the rate of five thousand a month, with a capacity for double that number.

Establishment of factories for steel gun carriages.

Large expenditure on modern quick-firing cannon.

What is to be said of the fair play—or of the intelligence—of the general who in a carefully prepared and published document, ignores these facts, which must all have been within his knowledge, and makes the bold assertion that the government which has placed the militia and the national defence in a better position than they ever were before, has shown "gross indifference and lack of sympathy towards the militia and the work of national defence" and follows it up with the announcement to the people of Canada and to the world that because of that indifference—or unwillingness to incur largely increased expense—Canada owes her existence to the forbearance of her neighbors. Was he not rather leading himself to a political attack upon the government, than desiring to improve the militia conditions in Canada, or even of telling the plain and simple truth.

Taxpayers generally will think that in view of the present peaceful outlook in America, the government has gone far enough in the annual increase of militia expenditure. Surely the last men to criticise the government for not having made larger militia expenditures should be those who during their eighteen years of power and responsibility, allowed the country, battalions to shrink to a shadow for lack of means to perform the annual drill.

Russia, Finland and Sweden

From the Minneapolis Tribune:

St. Petersburg dispatches deny that there was any popular tumult in Hel-singfors following the assassination of the Russian governor of Finland. Probably military precautions were taken to prevent any popular tumult. But it is notorious that there has been great and increasing popular discontent in Finland ever since the Czar destroyed the ancient liberties of the people, and there has been especially active ferment since the beginning of the war with Japan.

The Russians charge the agitation and discontent in Finland to the Swedish element, as if it were the work of foreign interlopers not supported by the native Finlanders. The truth is that the so-called Swedish element in Finland is as much a part of the nation as the Finlanders themselves. Finland was a part of Sweden for five centuries. The Swedes converted the Finnish tribes to Christianity and led them up out of barbarism. Their language, religion and civilization took deep root in the country though Sweden preserved the local liberties of the people and gave them a constitution near the end of the eighteenth century.

This is the constitution Russia overturned a few years ago, after every Czar for nearly a century had sworn to maintain it. From the time Russia seized Finland in 1809 till 1863, Swedish remained the official language and the state church has always been Lutheran. The Czar was certain to be the Grand Duke of Finland, as the King of Sweden had been before him. Russia's great effort for generations has been to eliminate the Swedish institutions and develop the original Finnish language, literature and customs. But this, it appears, was only a means to the end of destroying all race and political individuality and incorporating the Finns in the stolid and submissive body of the Russian empire.

As Sweden civilized Finland, Russia has been trying to drive it back to barbarism. This is well understood by the enlightened and progressive part of the people. In fact, it was said by General Bobrikoff, shortly before his death, that the young Finnish party, to which his assassin belonged, and the Swedish party, were much the same thing. It is not likely that a movement for popular freedom supported with so much resolution will stop with one fortuitous assassination.

VEGREVILLE

Bulletin Correspondence.

Crops are looking fine and the weather is good.

The local district meeting was held last Saturday, Wm. Still being elected for road boss.

Our school closes on the 30th inst. until after vacation.

Mr. and Mrs. Trenhall have taken their little girl back to Minneapolis, Minn., for medical treatment.

Mrs. Arthur Smith who has been ill with typhoid fever for three weeks is getting better now. Mrs. Wilson Sr. who has been ill for some time is gaining slowly.

Mr. Bomen and wife are rejoicing over a new baby girl.

There is to be a grand picnic at Sick Man's Lake on the 1st of July, near Mr. Dinwoodie's place. All are expecting a good time.

Mr. Frank Dennis is erecting a new frame house.

A successful picnic and festival was held here on the 24th inst., the proceeds of which go towards finishing the Catholic church. It was largely attended.

Mr. C. Strouger is working on E. Dennis' barn. Mr. Dennis is going to put up the sheds, one on each side of his barn 16x50.

Grading for the New Line

Lacombe Globe:

Thursday afternoon, the first sod was turned on the grading of the new line east from Lacombe. Our most popular citizen, Mayor Burris, turned the first sod and also gave a very appropriate address to the large crowd which assembled to see the start made on the line which has decided the future for Lacombe as a railroad centre. Councilmen C. E. Morris and W. F. Puffer also gave short addresses which were in keeping with the occasion.

This road is our first branch line but far sighted citizens can plainly see that it is not the last. We have the best of farming lands both to the east and west of us which are as yet untapped by the railway, but are fast becoming thickly settled, and these settlers must have some means of transportation for their bountiful crops which are harvested each year. Why was Lacombe the chosen point for this new line, as asked by our sister towns every day. There is only one reason and that can be quickly seen by looking over the outlying districts of the various points on the C. & E. line, and that is, we have the town, the country, and the location to make this line a paying proposition. The C.P.R. are not building branch roads where the dollars and cents are not in sight, they know where they are putting capital, that this capital must be returned in its earnings, and therefore you can see why Lacombe will be the railroad centre of Central Alberta.

There is a large tract of land to the east of us which the new road will open, that will be rapidly settled by the new settlers who come to this great west, where a white man is used as much and a poor man has the same chance as the capitalist.

Messrs. Deaver, Pawcett Bros. & Peepers are the first contractors to start work, they have one of the finest outfits of teams we have ever had the opportunity of seeing at work on a railroad grade, and they will without a shadow of doubt be very successful with their undertaking.

Drowned at Lethbridge

Lethbridge, June 27.—A sad drowning accident occurred here yesterday when a young man named Taylor, recently engaged on the spring round up, attempted to swim Maxwell Donaldson's bunch of horses across the Belly River near the ferry. All went well until deep water was reached, when the animal he was riding went under. Taylor struck for the shore, but was weighed down by his heavy cowboy equipment and was drowned in the presence of two men, who were unable to render assistance when he sank in midstream. The deceased was sixteen years of age, and came from Ontario, though he has resided in Medicine Hat for some time.

Notice of Dissolution

Notice is hereby given that the partnership heretofore subsisting between the undersigned as undertakers in the town of Edmonton, has this day been dissolved by mutual consent, all debts owing to the said partnership are to be paid to John A. Appleby at Edmonton aforesaid, and all claims against the said partnership are to be presented to the said John A. Appleby, by whom the same may be settled.

Dated at Edmonton, Alberta, this eleventh day of June, A.D. 1904.

Revillon Bros., Ltd

Hudson's Bay Stores

LOCAL

—Train on time.
—A horse dropped dead on McDougall street yesterday from sun-stroke.
—Regular meeting of the town council to-night.
—The Pioneer Creek Echo complains of dry weather in the south.
—The wholesale grocery houses in town will close every Saturday afternoon during the summer.
—W. O. Ritchie, of Strathcona has gone to Brantford, Ont., to take charge of a soap factory in which he has an interest.
—The Bon Accord picnic will be held on July 14th. The attractions include baseball and football matches and athletics. The admission is 25c.
—Three prisoners were given one dollar and costs each in the police court yesterday for being intoxicated on the fair grounds on Saturday.
—An ice cream social will be given at Homewood at the Presbyterian church on July 14th. The program begins at 8 o'clock.
—Owing to the small amount of freight offering it is improbable that either Hudson's Bay or the Alberta Belle will go to Fort Pitt this week.
—Medicine Hat Times: The Rev. A. McDonald, of Edmonton and Mrs. McDonald and baby are visiting Mr. Black, Mrs. McDonald's father. Mr. McDonald was formerly pastor of the Baptist church of this town.
—In the guessing contest inaugurated by J. I. Mills the winners were: 1st, J. Green, 9,201, suit of clothes; 2nd, J. E. Graham, 9,216, pair of boots; 3rd, R. H. Chris, 9,218, hat. The exact number on the grounds on Friday is given as 9,200.
—Regina Standard: Mr. Justice Harvey went East last night, having severed his connection with the attorney general's department. He returns in a couple of weeks to take up his law duties on the bench in the West. In the absence of the attorney general, Mr. J. K. Macdonald is acting deputy attorney general.
—Mr. Seton W. Anderson, of Regina came in Thursday for a holiday trip. He will go from Edmonton to Fort Saskatchewan and from that point sail down the Saskatchewan to Battleford, where he will hit the trail overland to Saskatoon, returning to his home after about ten days' absence.
—Mrs. Shutt, Mr. and Mrs. Williams, Messrs. Maloney and Harrison and party arrived in town from Edmonton on Wednesday to take in the fair. Mr. Williams here met Mr. C. H. Christie who has just arrived from Liverpool, England, and who has purchased land at Edison. The party took in the fair and enjoyed it immensely. Most of the party stayed with Mrs. Amy, of Broad street. They returned home on Saturday evening.
—Free Press: Theodore Revillon, resident member at Edmonton of Revillon Freres, of Paris, France, who is a guest at the Mariaggi, came down the Saskatchewan to Battleford by canoe, making a rapid trip. Mr. Revillon made the trip in the interests of his firm, which has a large contract for supplying J. D. McArthur's construction camps on the C. N. R. grading at Battleford with provisions and oats. The fleet of snows which left Edmonton for Battleford some days ago arrived safely. They were laden with oats for J. D. McArthur's camp.

PERSONAL

Principal Riddell of Albert College left on Friday for the East.
H. N. Stephens, of Glenora, Ont., came in last night.
A. Lapine of St. Albert, is in town today.
John Ross returned on Sunday from Lloydminster.
Mr. E. Chauvaud and bride returned from Montreal last evening.
H. N. Pitts of Ottawa is at the Windsor.
J. W. Reid returned from Battleford yesterday.
F. J. Ewing of Toronto is registered at the Windsor.
H. Poyer of Poyerville, came in yesterday.
Mr. and Mrs. John Lines returned from Banff on Saturday.
E. Richardson came in yesterday from his school in the Warwick district, east of Star.
Rev. Mr. Phillips will be in charge of the Methodist mission at Athabasca Landing this year came in last week and left for the north today.

VETS. HELD A GOOD MEETING

The Veterinary Association of the N. W. T. met in Dr. J. H. Pickering's office on Friday evening, July 1st. The President Dr. Berry, of Fort Saskatchewan, being absent, Dr. Riddell of Calgary was voted to the chair. The minutes of the previous meeting were read by the Secretary Dr. C. H. H. Sweetapple of Fort Saskatchewan and passed and other business disposed of. A discussion on the question of better legislation was continued from the previous meeting and it was decided to apply at the next sitting of the Legislative Assembly for a charter whereby the veterinary profession will be placed on a better footing as a chartered society. The election of officers resulted as follows: Pres.—Dr. Riddell, Calgary. Vice Pres.—Dr. Murphy, Strathcona. Sec. Treas.—Dr. C. H. H. Sweetapple, Fort Saskatchewan. Council—Drs. Pickering, Edmonton; Alton, Leduc; Forbes, Calgary; Her- Saskatchewan. Several papers were then discussed and a very profitable and enjoyable time spent in discussion of some of the most prominent diseases seen among horses in the Territories. The next meeting will be held in Calgary at the call of the President.

TERRITORIAL CROP ACRE-AGE

The department of agriculture for the Territories has published a bulletin giving the estimated acreage of various kinds of crops for the present year, from which the following information is taken:—

Dist.	Wheat	Oats	Barley
1	182,121	85,596	5,788
2	34,512	17,133	959
3	179,435	55,369	10,125
4	195,125	39,515	6,128
5	196,135	57,356	2,598
6	1,796	4,662	513
7	88,340	78,785	4,261
8			
9	85,898	60,944	9,976
10	2,085	2,632	167
11	400	450	100
12	57,320	114,552	17,792
13	4,328	21,997	9,981
14	639	9,955	3,922
15	788	18,315	5,943
16	43,836	33,781	4,323

Totals for the Territories:—
Wheat, 1,054,212.
Oats, 6,634.
Barley, 111,979.

District No. 12 consists of 48,286 square miles and includes the Edmonton, Strathcona and Wetaskiwin districts. It includes the country adjacent to the line of the Calgary and Edmonton railways from Wetaskiwin north and the settlements along the Saskatchewan valley, also a large tract of unsettled territory.

PROBS.

Yesterday there were a few light showers in Manitoba but the weather was generally clear in the Territories; cool in Saskatchewan and somewhat higher in Assiniboia and Alberta. The indications are general for fair weather to-day and Wednesday; high temperature in Alberta and Western Assiniboia and cooler in Manitoba.

Musical Instruments

Have a peculiar charm for us. When we hear the sweet strains of the mandolin and violin our hearts are thrilled with their joyful message and sorrows are for the time forgotten. "Music hath charms" certainly is as true as the gospel. Without instruments of some sort your home is lacking one pleasant feature. Why not purchase a mandolin now? We have a number of these instruments to offer at prices within your means. Call at our store and look over our musical instruments.
